Medical Officer Specialist

Description

We are looking for qualified and experienced Medical Officer Specialists to provide high-quality patient care across various specialties in our polyclinic centers under the National Urban Health Mission (NUHM). The selected candidate will diagnose, treat, and manage patients while ensuring the highest standards of medical practice.

Responsibilities

- Diagnose and treat patients in the assigned specialty.
- Conduct OPD consultations and clinical examinations.
- Prescribe medications and treatment plans.
- Maintain accurate patient records.
- Coordinate with healthcare staff for quality patient care.
- Follow medical ethics and government healthcare guidelines.

Qualifications

- MD/MS/DNB/DCH/DGO or equivalent qualification in the relevant specialty.
- Valid Medical Council Registration.
- Relevant clinical experience preferred.

Job Benefits

- Attractive salary package.
- Professional work environment.
- Opportunity to serve under NUHM projects.
- Career growth opportunities.
- Paid leave as per company policy.
- Training and continuous learning support.
